

My name is Jānis and I am 17 years old. I have play played music ever since I was a small kid may be 6 or 5 years old, but maybe more seriously since I was 13 or 14

I started playing flute when I was 9 years old and the flute has evolved into my main instrument over the years.

I like to spend my summers in my countryside, Dunte in Latvia, where you wake up to the sea waves and the smell of freshly cut grass.

Film and photography are also one of my passions and I have photographed a wedding and made several short films with my friends.

I study at Lillaakademien, Stockholm and honestly if you want to be a musician there is no better school in Stockholm or perhaps even Sweden.

My goal is to become a professional musician in other words as capable Musicaly as possible, preferably a solo musician.
