

I am Sofia Larsson and I was born in Sweden in 30 August 2015. I have been playing the piano since I was three years old.

Playing the piano inspires me, enriches my life and doing me happy. Music is like a beautiful language that gives me the opportunity to express my feelings. I love composing music and singing. I also take interest in dance, skating, and skiing.

Sofia won "third prize" at XIII Savshinsky International Music Competition (Online) 2022.
