

My name is Ellen, and I am a 15-year-old musician who plays violin and piano. I started violin at 6 with the Suzuki method, which introduced me to classical music. Over the years, I have played in various orchestras and had lessons and masterclasses with many different accomplished musicians. Since April 2023, I have been part of the Young Musicians Academy (YOMA) Talent program where I get to have masterclasses monthly with teachers all over the world, and I am now studying in the UK.
